Blitz Academy

KOCHI | CALICUT | BANGALORE

www.blitzacademy.org

Vision

A better tomorrow where the right skills open the right doors for everyone.

Mission

To empower and equip every student to build their careers with confidence and clarity by fostering industry-relevant skills through practical expertise.

About Blitz

Blitz Academy, the best skill development training institute in Kerala, has been shaping careers since 2011- and for over 16 years, we have been constantly doing one thing exceptionally well: transforming ambitious students into competent, skilled and employed. With campuses in Kochi, Calicut and Bangalore, we offer short-term diploma and certification programmes in Logistics, Cyber Security, Oil & Gas, Interior Designing, Data Science and Civil QS — grounded in practical training, industry experience, globally recognised certifications and 100% placement support. We don't just train students for jobs. We mould them for careers that last.

At Blitz Academy, we are devoted to what truly matters - transforming students into the competent professionals that your dream career demands !!

Industry Experienced Faculties & Career-Relevant Curriculum

Learn from experienced mentors through a curriculum designed to match current industry demands.

Practical, Practitioner-Led Learning

Move beyond theory with hands-on training delivered by professionals with real-world expertise.

100 % Guaranteed Placement Assistance

Receive dedicated career support designed to help you move confidently toward the right opportunities.

Multidimensional Industrial Visits & Internship Exposure

Gain direct industry insight through practical exposure, field visits and internship opportunities.

Dedicated Placement Cell

Benefit from focused placement guidance, interview support and career preparation throughout your journey.

OUR ACADEMIC MENTORS

Mr. Vijay Venugopal

QA/QC, Inspection Engineer
Certified Welding Inspector (SWIP 3.1)/(SWIP 3.2)
Lead Auditor ASNT
NDT LEVEL I (RT, UT, MT, PT, VT, RTFI)
(Experience -15Years)

Mr. Eby Varghese

OIL& GAS, Level-II Mechanical Technology
(Experience - 18 Years)

Mr. Rajeev Regunathan

QA/QC ENGINEER, SWIP 3.1 - Welding/piping
Inspector,
BGAS GRADE -2 -Painting/Coating Inspector,
Lead Auditor (ISO 9001-2015),
ASNT LEVEL I (PT/MT/RT/UT/LT/RTFI)
(Experience - 13 Years)

Mr. N Sundarakumar

Electrical QA/QC & MEP Engineering
(Experience - 15Years)

Mr. Mukesh MG

Mechanical QA/QC Engineer
(Experience - 16 Years)

Mr. Aneesh Nambiyath

Aircraft Maintenance Engineering, Air Cargo
Logistics Specialist
(Experience - 15 Years)

Mrs. Deepa Roni

BA - Travel & Tourism, Air Cargo Logistics Expert
(Experience - 18 years)

Mrs. Vineetha Biju

Quantity Surveyor
(Experience -14 Years)

Mr. Nevin Thomas

Aircraft Maintenance Engineering-SCM /
Warehouse / Transportation
(Experience -13 Years)

Mr. Varghese Joy

BE Mechanical Engineering
(Experience - 12 Years)

Mr. Sibin K George

B Tech Mechanical Engineering
CSWIP 3.1 Welding Inspector, ASNT Level II
(Experience -12 years)

Ms. Konchitha John

MCom - Business Management
Miss Kerala 1st runner up 2014
Communication & personality development
coach for pageants
(Experience - 11 Years)

Mr. Siv Krishna

BBA in Airport and Logistics Management
(Experience - 9 years)

Ms. Athira P A

Diploma in Interior Designing
(Experience - 8 years)

Ms. Athira K Prasad

Master's in Computer Application
Expert in Data Science & AI
(Experience - 7 years)

Mr. Mohammed Safeer

CEH, DISCD , NDE, DFE, Cisco
Ethical Hacker
(Experience -7 years)

Mr. Bibin K Babu

BA Political Science, PGDM in Airport Ground
Handling, Air Cargo and Travel Management.
(Experience - 9 years)

Ms. Soniya K

B.Tech Electronics and Communication
Certified Red hat Linux system administration
Certified CEH & CPENT Eccouncil
(Experience - 6 years)

Mrs. Lakshmi TP

SAP trainer in SAP MM, SAP FICO
(Experience - 6 Years)

Ar. Rose Babu

B.ARCH, Council of Architecture Licence
IIA associate member
(Experience - 4.5 Years)

Mr. Gawtham Raj

BCA Graduate, Certified EC Council CEH
Certified on WAPT & VAPT
(Experience - 4 years)

Mr. Gawtham Raj

BCA Graduate, Certified EC council CEH
Certified on WAPT & VAPT
(Experience - 4 years)

Mr. Athul Das

BSc Electronics
CEH certified & MCSA certified
(Experience - 4 Years)

Ms. Haripriya A

Bachelor of Science
(Experience - 3 years)

Mr. Bijoy. V

Degree in Computer Application (BCA)
Diploma in Cyber security (ADCD)
(Experience - 2+ years)

Ms. Layana Shibu

Msc Digital Forensics and Information Security
(Experience - 1 Year)

Ms. Namita S

BSc Mathematics, PG Diploma in Data
Science & Analytics
(Experience - 1 Year)

OIL AND GAS

The Oil & Gas industry is one of the highest paying and fastest growing sectors across India, the Gulf and beyond. From piping engineering and NDT inspection to QA/QC and HSE: skilled professionals in this field are actively hired by top companies worldwide. Blitz Academy's Oil & Gas programmes are built around real industry standards, globally recognised certifications and practical training - preparing every student for a confident entry into one of the world's most rewarding industries.

LOGISTICS

The logistics and supply chain industry is one of the fastest growing and highest paying sectors across the world. Every shipment that moves, every warehouse that operates, every supply chain that functions - runs on skilled logistics professionals. Blitz Academy's Logistics & Supply Chain management programmes are built around real industry needs - giving students practical skills, globally recognised certifications and the placement support to launch careers with confidence.

CERTIFICATION PROGRAMME IN INTERNATIONAL LOGISTICS & SCM

A quick, focused programme for students who seek a strong foundation in logistics within a limited time. It covers core industry fundamentals and equips students with a globally recognised certifications. This course is ideal with students and professionals looking to enter the logistics industry without a long - term commitment.

- ▶ Logistics Fundamentals and Processes
- ▶ Planning for Logistics
- ▶ Supply Chain Modelling & Design

CYBER SECURITY

Cyber threats are growing every day, and so is the demand for skilled cybersecurity professionals. Blitz Academy's Cyber Security programmes are designed to give students the most in-demand offensive and defensive cyber security skills, from ethical hacking and penetration testing to SOC operations. Whether students choose a focused three months programme or a comprehensive one year qualification, every course is built around real industry tools, globally recognised certifications and practical experience.

CERTIFICATION PROGRAMME IN CYBER SECURITY

A focused three - months programme covering the complete CEH curriculum - training students in ethical hacking, vulnerability analysis and core cybersecurity fundamentals. This is the best course in cyber security, for every student who wishes to enter a career in cybersecurity the right way, with real knowledge, practical training and a certification that employers actually value.

- ▶ Introduction to Ethical Hacking
- ▶ Footprinting and Reconnaissance
- ▶ Scanning Networks
- ▶ Enumeration
- ▶ System Hacking
- ▶ Malware Threats (Trojans, Viruses, Worms)
- ▶ Sniffing
- ▶ Social Engineering
- ▶ Denial-of-Service (DoS/DDoS) Attacks
- ▶ Session Hijacking
- ▶ Web Application Hacking

CYBER FORENSICS

Cybercrime is one of the fastest growing threats in the world - and the demand for skilled cyber forensic professionals has never been higher. Blitz Academy's Cyber Forensic courses train students to investigate cybercrime, recover digital evidence and analyse forensic data across devices, networks and cloud environments. From focused Three months specialisations to comprehensive One-year programmes, every course is built with practical knowledge and global certification.

CERTIFICATION PROGRAMME IN CYBER FORENSICS

A focused three - months programme for cybersecurity professionals who want to specialise in digital forensics. This course in Cybersecurity, trains students to investigate cybercrime, recover digital evidence and analyse forensic data across operating systems, networks and mobile devices. Students can choose from three globally recognised certification options.

- ▶ Digital evidence collection & chain-of-custody management
- ▶ Disk & file-system analysis (Windows, Linux, macOS)
- ▶ Memory forensics & volatile data recovery
- ▶ Malware forensics & ransomware investigation
- ▶ Network traffic analysis & PCAP investigation
- ▶ Mobile device forensics (Android & iOS)
- ▶ File carving, data recovery & anti-forensics countermeasures
- ▶ IoT & embedded device forensics (drones, wearables)

DATA SCIENCE

'Data science' is a high-level program designed to cover all aspects of data science with core concepts over the span of 1 year. It is one of the most happening fields in business today, creating a higher number of career opportunities. The course includes comprehensive realms such as Statistics, Machine Learning, Programming / Data Skills and Business Domain knowledge. Covering all the key areas of Data Science, this course helps you achieve a solid grip on the field.

CERTIFICATION PROGRAMME IN DATA ANALYTICS

A data analytics course provides essential skills to collect, analyze, and interpret data for informed decision-making. It covers key tools such as Excel, SQL, and Python, along with techniques for data visualization and statistical analysis. This course prepares learners to solve real-world problems across various industries using data-driven approaches.

- ▶ SQL Foundation
- ▶ Python For Data Analysis
- ▶ Statistics, Probability & Excel
- ▶ Power BI Basics & Dax

INTERIOR DESIGNING

Our Interior Designing program empowers students to transform spaces into unique experiences, fostering meaningful ideas and improving the end-user experience through well-executed design. Interior Designing careers offer diverse paths for aspiring professionals. It's the art and science of enhancing building interiors, creating healthier, aesthetically pleasing spaces. Interior designers plan, research, coordinate and manage these projects, involving conceptual development, space planning, site inspections, programming, and construction management.

DIPLOMA IN INTERIOR DESIGNING

Our Six - Months Diploma Course is designed for beginners who want to step into the world of interior design. It covers the fundamentals of design and gradually moves to practical applications, ensuring a strong foundation.

- ▶ Introduction to Interior Design
- ▶ Design principles & Elements of Design
- ▶ Color & Lighting in Design & CADD
- ▶ Perspective & Sketching & Sketch up
- ▶ Anthropometry & Ergonomics & D5
- ▶ Minor Project, Software & Photoshops
- ▶ **CAPSTONE PROJECT / FINAL PORTFOLIO**

Students will apply all learned concepts including ergonomics and building services to create a complete interior design project, from concept development to final presentation.

CIVIL QS

Elevate your civil engineering career with our comprehensive programs. From Quality Assurance & Quantity Surveying to Construction Management, gain the expertise you need to excel in the industry. Join us to build a solid foundation for your success and enjoy the benefits of industry-relevant curriculum, experienced faculty, hands-on training, and networking opportunities that will set you on a path to a thriving career.

CIVIL QUANTITY SURVEYING

The 1.5-Months QS Blitz Program is designed specifically for site working professionals who want to up skill in Quantity Surveying without leaving their current job. This is a fast-track, practical oriented program to equip participants with the knowledge and tools needed to excel in BOQ preparation, rate analysis, and site to-office QS tasks. Including measurement standards, estimation, and BOQ preparation, and gradually progresses to practical applications such as rate analysis, tendering, billing, cost control, and QS software training, ensuring a strong foundation for a career in the civil construction industry

- ▶ Building Estimation
- ▶ Rate Analysis & Cost Estimation

SAP (Systems, Applications & Products in Data Processing)

An SAP course provides comprehensive training in using SAP (Systems, Applications, and Products in Data Processing), one of the world's leading enterprise resource planning (ERP) software systems. These courses cover various modules such as finance, supply chain, human resources, and customer relationship management, depending on the learner's focus. SAP certification validates your expertise in a specific SAP module and enhances your professional credibility. It is highly regarded in industries worldwide, opening doors to roles in implementation, consulting, and system management. Whether you're new to ERP or looking to advance your skills, SAP certification can significantly boost your career prospects.

SAP S/4HANA FINANCE & CONTROLLING (FICO)

Three-months job-oriented training program designed for graduates, postgraduates, and finance professionals aiming to build a strong career in financial accounting, cost control, and SAP consulting using SAP S/4HANA. This program covers General Ledger, Accounts Payable, Accounts Receivable, Asset Accounting, and Controlling processes through an industry-approved SAP curriculum. This includes hands-on system practice, real-time business process simulations, and end-user transaction training to meet the operational demands of modern ERP-driven industries.

- ▶ SAP & ERP Fundamentals
- ▶ Introduction to SAP S/4HANA Finance & Controlling (FICO)
- ▶ General Ledger (GL) Configuration & Posting
- ▶ Accounts Payable (AP) & Accounts Receivable (AR) Management
- ▶ Asset Accounting (AA) Configuration & Depreciation Run
- ▶ Controlling (CO) Module – Cost Centers, Profit Centers, and Internal Orders

ASHIF K

Happy to share that I got placed in Mumbai as NDT Technician. I would recommend Blitz Academy to anyone who is contemplating joining the institution. No need to think twice. I joined the 6 month Oil & Gas training program at Blitz Academy. The faculties of Blitz Academy is highly experienced, knowledgeable, competent and motivated to bring out the best in you. And 100 % placement guaranteed. I wish all success to the team
